

Our daughter , Clarice , enjoys going to Cherie Hearts @ Charlton. Apart from her learning and growth development, she is also having fun socialising making friends. The curriculum and pace of learning are good, and the activities are well thought-through. The friendly and helpful staff enabled her to settle in well, and the lovely environment facilitated her growth and learning.

We appreciate what the centre has done for Clarice, and have full confidence in the centre to upkeep their high standards to aid her growth and development in the years to come.

Thank you Cherie Hearts @ Charlton.
