

**Chevelle loves to go Cherie hearts @Charlton every day. Even she fall sick, she will still tell me "I want to Cherie Hearts." Chevelle always look forward to 'Messy Day as she can get messy and wet. Teachers are very caring as Chevelle will always mention to me that she loves Miss Liu to shower for her and she will share with me on Teacher Herni reading the Phonics books with her.**

**I have been to a number of childcares but what make me choose Cherie Hearts @Charlton is the environment and the teachers' passion. What impress me is, most childcare doesn't provide Phonics in their normal lesson but Cherie hearts @Charlton does. They will plan a list of excursion from beginning of the year and also update their Centre's administration curriculum and other activities regularly. They will often reminders through whatsApp and email to busy parents which I feel is good. Every term we will have parent's meeting session which I can understand my girl's and performance and what to improve on. Their teacher will upload all children's pictures to Flickr and let us see.**

**Cherie Hearts @ Charlton let me feel like we are a big family rather than teachers and others. Cherie Hearts @ Charlton will regularly ask for parents' feedback to improve the environment and other. Recently, I pointed out a few areas that I hope to improve to make it safer and a better environment for the kids. I didn't expect that Cherie Hearts @Charlton really look into it and make the expected changes. Chevelle joined Cherie Hearts @Charlton on 5 September 2016 (21 months old), before she 2 years old, she is able manage herself well. When she is 2.5years old, she can pack her own bag. Before she turn 3 years old, she already off diaper. Currently she just turned 3 years old, she tries to chat with me and try to express herself by using lots of vocabulary. This is all the credits of Cherie Hearts @ Charlton's teachers.**

**After sending Chevelle to Cherie Hearts @Charlton, we grew with this big family and they helped me guided and teach Chevelle to be sensible and allow me able to concentrate at work. The care and concern that Cherie Hearts @ Charlton teachers and aunties provided made us feel so warm and homely**

**Thank you to all teachers and aunties from Cherie Hearts @ Charlton**

**Parents of Chevelle Goh**
