

Webcam Service

There are 30 webcams installed in our centre: Front Gate, Assembly Ground and all the classrooms. ALL of them are operationally ready and 12 of them may be accessed by all our parents for free for 24 hours thru computer and handphone.

Parents will be given the website/phone App ,user ID and password upon registering with us.

Would appreciate you log off once you are not viewing to prevent "traffic jam" in the network. Do enjoy this value added service from us. 😊
